August 23, 2002

To Whom It May Concern:

This letter is written as a reference/recommendation for Andrew Robitaille who may be seeking employment with you. Andrew was employed as the Journalism teacher at Streetsboro High School for school year 2001 – 2002. His duties included the teaching of Desktop Publishing, Journalism, Newspaper, and the Yearbook. He also taught students photography and the proper use of camera work.

Andrew was an enthusiastic teacher and established a great rapport with all his students. His work ethic was outstanding. He was at every school activity shooting pictures and teaching students how to do the same for maximum effect. His knowledge of technology in journalism moved our program forward immensely.

Andrew was also an outstanding role model for our students. He taught by example. Andrew always had a smile on his face and never let his emotions get out of control. I cannot say enough positive comments about his performance except that we would welcome him back anytime there were an opening in our District.

Sincerely,

A handwritten signature in cursive script that reads "Thomas M. Giovagnoli".

Thomas M. Giovagnoli, Superintendent  
Streetsboro City Schools
