To whom it may concern:

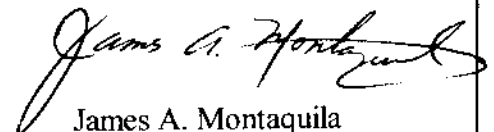

I would like to write a letter of recommendation for Mr. Andrew Robitaille. I have known Mr. Robitaille for the past year. He served as a high school journalism teacher at Streetsboro High School for the 2001-02 school year. Even though he was a first year teacher in the school system, he performed like a veteran.

In his duties as a journalism teacher, Mr. Robitaille had not only the normal classroom responsibilities but also had to produce both our yearbook as well as the school newspaper. These required an effort in organization as well as business knowledge. In both cases he produced quality products.

More important than his skill as an instructor, Mr. Robitaille exhibited a true understanding of how to deal with the youth of today. The students he had under his direction both liked and respected him. I am certain that they will miss him in the upcoming school year.

We were fortunate to be able to replace Mr. Robitaille for the 2002-03 school year. What we cannot replace is the type of individual he is. Students, parents, staff, and administration will miss him.

Respectfully,

James A. Montaquila
